OREGON GROWN ROSES for ...1958

to our Rose Friends

Again we invite you to visit our 88-acre Rose Nursery located on Highway 8, just west of Portland, between Beaverton and Hillsboro. (See map page 15.)

Located in the center of our nursery, is our new modern warehouse, office and display area. (See pictures inside back cover.) Here we sell roses every month of the year — Dormant bare-root plants are shipped to every part of the United States in the period of November 1st to May 1st. Potted roses (in extra-large fiber containers) are available at slightly higher prices from May 1st until late October to those living close enough to pick them up at our nursery. (We do not ship potted roses as freight would be prohibitive.)

(Mr. and Mrs.) Julia and Henry Hausch

Some items are in limited supply this year, and these are listed in the "Exhibitor's Corner" on page 11. Be sure to order early to avoid disappointment, and please list alternate varieties in case we are sold out of one or two items on your order, as may be the case towards Spring.

Our Oregon-Grown roses are of finest quality, selected 2 yr. No. 1 grade. Grown without irrigation, the plants are hardy and well ripened, with strong fibrous root systems.

DORMANT ROSE PLANTS — Please read before ordering by mail

GUARANTEE—We have been commercial rose growers for 23 years, and ship roses to all parts of the United States, Hawaii and Alaska. Our roses are budded on Multiflora Japonica root stock, for extra vigor and long life, and for a strong fibrous root system. Every bush is guaranteed to be true-to-name, carefully selected and packed to arrive in good condition.

If any rose purchased fails to start growing the first Spring, after being properly planted and cared for, we will replace free of charge. **This free replacement policy does not include shipping charges.** Any claims for adjustment must be made with us on or before July 1st on purchases made the preceding Fall or Spring. In no event will we be liable for more than the original purchase price.

NOTE: We should not be expected to replace stock that you have neglected, planted in a wet place, subjected to 2-4-D or that has been destroyed by extreme weather conditions.

SUBSTITUTIONS—We never substitute unless advised to do so. However, due to unforeseen circumstances, or unknown demands, we cannot always supply all the varieties you order. To eliminate correspondence and delay, please indicate if we may substitute varieties of equal or more value in the same color range as ordered, or list one or two substitute varieties acceptable to you.

SHIPPING—Our new rose crop is available about November 1st, at which time we commence shipping, and continue through the first of May for colder areas.

All Dormant Roses shipped out, will be top quality, 2 yr. No. 1 grade, the finest available, moderately pruned for planting. In the early Spring, all newly planted bush roses should be cut back to six or eight inches of top; climbers to 18 inches, with the top bud pointing outward.

MINIMUM MAIL ORDER—3 Roses (or \$3.90). There is no minimum order for pickup at our nursery.

All dormant plants are shipped by parcel post **prepaid to your door**, but due to increased shipping costs, we find it necessary to make a **flat handling charge of 50c per mail order** to one address. This applies whether the order is for 3 plants or 50. You pay only 50c per order . . . we pay the rest.

Exception—POSTPAID in Greater Portland area. No handling charge.

*Use our GIFT CERTIFICATES for Christmas, Birthdays, or other occasions.
Our all-color Rose Catalog will be included free.*

Cover — Arrangement of AUDIE MURPHY Roses

Hybridized by the famous Dr. Walter E. Lammerts, Audie Murphy is the result of a cross of two famous All-America roses — Charlotte Armstrong x Grande Duchesse Charlotte. Introduced by Roseway Nurseries in 1957.

Named in honor of AUDIE MURPHY, America's most decorated hero of World War II, this brilliant red rose is symbolic of the bravery and valor of Audie Murphy. His deeds on the battlefield now are legendary, and while Audie still was not old enough to vote when the Germans surrendered, this is the man who won the Congressional Medal of Honor and 23 decorations, while miraculously living through the wounds incurred by (1) a mortar shell bursting between his feet; (2) a series of perforations from an artillery shell, and (3) a sniper's bullet in the hip. Audie Murphy is at present a Universal-International Picture Star.
